GENERAL SUPPORT GUIDELINES

GENERAL SUPPORT DESCRIPTION

General Support grants assist arts organizations with general operating expenses and the continuation or expansion of arts programming in Salt Lake City.

Organizations funded in General Support must demonstrate high artistic/programming excellence and demonstrate a positive impact on the community.

The review of a General Support grant application includes an assessment of the advancement of artistic excellence, the budget (which must include a match of at least one-to-one), the quality of programming, community support, and number of people served.

DEADLINE

General Support grant applications will be reviewed once during the grant year.

Tuesday, May 19, 2020, 5:00 p.m.

The City Arts Grants program is designed to provide financial support for arts programs and projects in Salt Lake City that merit public funding. There are four City Arts Grants categories, each with eligibility standards, guidelines, and review criteria. The Salt Lake City Arts Council Board places a priority on those programs that best reflect the Arts Council’s mission and values.

City Arts Grants can support only those programs and projects which take place within Salt Lake City limits. For General Support applicants, it is understood that organizations may conduct programming outside Salt Lake City boundaries. However, all awarded funding must be applied only to those activities which occur within Salt Lake City.

The City Arts Grants program is competitive and includes a rigorous application review process. A newly completed application must be submitted each year and a grant award in one year does not guarantee an award for the following year. The award of City Arts Grants is made at the sole discretion of the Salt Lake City Arts Council and the decision of the board is final.

Applicants may only submit one application annually. The exception is to applicants who wish to submit an Arts Learning application in addition to a General Support or Project Support application.

ELIGIBILITY

In order to be eligible for a General Support grant, the applicant must:

- Be a 501(c)(3) nonprofit arts organization for at least three years, whose primary purpose is arts programming, arts support, or arts services;
  - This eligibility is only for organizations whose stated mission is specific to the arts;
- Organization must be based in Salt Lake City;
• Have administrative staff;

• Apply any awarded funding to those services and activities which occur within the grant cycle beginning no earlier than September 1, 2020 and ending no later than August 31, 2021.

REVIEW PROCESS
The Grants Committee, comprised primarily of Salt Lake City Arts Council board members with knowledge of the arts community, educational system, and the community-at-large, will meet to review City Arts Grants applications. The Grants Committee includes new members each year.

Committee members review applications by grant category and provide preliminary scores to three sections of the application. Committee members then meet to have a comprehensive
discussion on the merits of each application. During this meeting recommendations for funding are made. These recommendations are sent to the full Arts Council board for their review. The full board will make final decisions on all grant applications during their meeting. Applicants will be notified of Board decisions shortly after this meeting.

**NEW FOR 2020-2021 GRANT PROCESS** – As many General Support applicants also submit an Arts Learning application, the Grants Committee will consider recommendations made in the Arts Learning category when making recommendations for General Support applications. There is no disadvantage to applying in both categories, but Committee members would like to be mindful of the total amount of recommended funding per organization.

The Salt Lake City Arts Council Board places a priority on those programs that best reflect the Arts Council’s mission and values. Also of high importance are the following:

- **Community inclusion:** Applicants who conduct activities which make efforts to reach a broad and inclusive audience through location, affordability, technology, or engagement through a variety of means.
- **Sound Budget:** Applicants who present a balanced and detailed budget;
  - Applicants who fail to include grant amount requested in projected budget or do not show revenues matching expenses, may not be recommended for funding.
- **Benefit and Impact:** Applicants who clearly articulate social, educational, and or economic relevance for the community.
  - This may include contributing to vibrant creative neighborhoods, understanding the community served (geographic, cultural, economic, racial, educational relevance, etc.), utilizing partnerships or collaborations with diverse groups.
